July 2, 2020

Dear Family Member or Sponsor,

We are writing you this letter to bring you up to date on the Covid-19 situation regarding our home and your loved ones. CMS (Center for Medicare/Medicaid Services) recently mandated that each state in the country would do a Covid 19 survey based on their guidelines. We had our survey on June 30th and successfully passed with no deficiencies thanks be to God and the efforts of the sisters and our devoted staff.

I do wish to make you aware that a recent CNA (Certified Nursing Assistant) we hired tested positive for the Covid 19 virus. The good news is that she only completed the hiring process in which she was symptom free and at no time had any contact with the residents. The day she was scheduled to start working her orientation on the nursing unit she called off with symptoms of the Covid 19 virus. We immediately sent her to be tested and the test proved to be positive. Our four employees who spent time with her during the hiring process were also sent for Covid 19 testing in which they all tested negative. Therefore, we can say we still remain Covid free.

We thank you for your understanding of our efforts to keep your loved ones as safe as possible from the coronavirus as we still remain in lock down. We are grateful for your continued prayers during these challenging days.

God bless you.

Sincerely,

Mother Judith, l.s.p.
