Dear Families and Friends,

The news has been excellent! As many of you know, we've begun opening our Home to visitation for our Residents. It has been a blessing to see many family members and friends inside Sacred Heart Residence.

We are still wearing masks and practicing social distancing as much as possible. The health and well-being of our Residents will always take precedence.

More good news! Our test results for this week are in, and we have again achieved 100% Covid-free results from our testing. Your patience and prayers are appreciated and paying off! We are going to continue weekly testing for awhile. We hope that things will return to normal as soon as possible, but we are still trying to be proactive and taking all necessary precautions.

We remain in a time of anticipation for the Lenten Season and the Easter celebration. Please continue to keep us in your prayers. We also continue to pray for you and your families.

Sincerely,

Mother Judith, I.S.P.
